

SCIDB, INC. CONTRIBUTOR LICENSE AGREEMENT

Thank you for your interest in participating as a contributor to the SciDB development project (the "Project"). SciDB, Inc. ("SciDB") is a non-profit organization building an open source database technology product with specialized data analysis tools designed specifically to satisfy the demands of data-intensive scientific problems. The resulting products will be made available under an OSI approved license.

This Contributor License Agreement ("Agreement") is for your protection as a Contributor as well as the protection of SciDB and its users and is intended to conclusively and clearly set out the responsibilities and obligations associated with Contributions (as defined below). SciDB, as owner of the Project, has each Contributor enter into this Agreement and agree to the terms below. If you agree to be bound by these terms, fill in the information requested below and provide your signature. If you do not agree to be bound by these terms, do not post or submit your materials to the Project.

You and SciDB hereby accept and agree to the following terms and conditions, effective as of the earlier of (a) the date this Agreement is last signed below and (b) the date of your first Contribution to the Project:

1. *Contributors and Contributions.*

1.1 Any individual or legal entity that voluntarily submits to the Project a Contribution is addressed herein as "Contributor" or "You". For legal entities, the entity making a Contribution and all other entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor. For the purposes of this definition, "control" means (a) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, (b) ownership of fifty percent (50%) or more of the outstanding shares of such entity, or (c) beneficial ownership of such entity.

1.2 A "Contribution" is any original work or any modification or addition to an existing work, including without limitation any source code, object code, patch, tool, sample, test code, graphic, specification, manual, documentation, or any other material that has been submitted for inclusion in, or documentation of, any of the products owned or managed by the Project, where such work originates from that particular Contributor.

1.3 A Contribution is "submitted" when any form of electronic, verbal, or written communication or documentation is sent to the Project (including but not limited to communication via commits to the Project website source code repository, email to contribute@SciDB.org, email to individual developers @SciDB.org, or other communication on electronic mailing lists, source code control systems, and issue tracking systems for the purpose of discussing or improving software or documentation of the Project) that includes a reference of your intent to make a contribution to the Project.

2. *Contributor Grants.*

2.1 You hereby irrevocably assign, transfer, and convey to SciDB all right, title and interest in and to your Contribution(s), including all copyrights, copyright applications, and copyright registrations, and all other intellectual property or proprietary rights other than patent rights relating to the Contribution, together with all causes of actions (whether accrued as of the effective date of assignment or at any time thereafter in your favor for infringement thereof), recognized in any jurisdiction, whether or not perfected ("Proprietary Rights"). You hereby agree that SciDB may register a copyright in your Contribution(s) and exercise all ownership rights associated with it. Without limiting the generality of the foregoing, SciDB shall have the right to use or not use the Contribution(s) and to use, sell, register, distribute, license, reproduce, re-use, alter, modify, edit, change, create derivative works of, or otherwise commercialize the

Contribution(s) as it sees fit, in any manner now known or in the future discovered, and for any purpose. To the extent that under any applicable mandatory law Proprietary Rights cannot be assigned, You hereby grant to SciDB an exclusive, perpetual, irrevocable, unlimited, worldwide, fully paid, and unconditional license to exercise all rights under such Proprietary Rights, including the right to sublicense such Proprietary Rights to third parties through multiple levels of sublicenses or other licensing arrangements. You irrevocably agree to grant, and You hereby grant, to SciDB such rights as SciDB reasonably requests in order to acquire a legal position as close as possible to full and exclusive legal ownership.

2.2 You hereby grant to SciDB and to any and all individuals and entities who develop, obtain, access, use, or distribute any SciDB product a perpetual, non-exclusive, worldwide, fully paid-up, royalty free, irrevocable (except as set forth below with respect to litigation) license to and under any patent rights to make, have made, use, offer to sell, sell, import, distribute (through multiple tiers of distribution) and otherwise exploit or transfer any product or service to the extent it contains or uses your Contribution(s), in whole or in part, where such license applies only to valid patent claims licensable by You that are necessarily infringed by your Contribution(s) alone or by combination of your Contribution(s) with other work of the Project. You also grant SciDB the right to sublicense such patent rights to third parties through multiple levels of sublicensees or other licensing arrangements. The patent license granted in this Section 2.2 shall immediately terminate with respect to any party (other than SciDB) that institutes patent litigation against You or SciDB (including a cross-claim or counterclaim in a lawsuit) alleging that your Contribution(s), or the Project work to which You have contributed, constitutes direct or contributory patent infringement.

2.3 Upon making the assignment and grants set forth in Sections 2.1 and 2.2, You shall receive from SciDB a non-exclusive, worldwide, fully paid-up, royalty-free, irrevocable license to use, reproduce, distribute, sub-license, modify and prepare derivative works based on your Contribution.

2.4 In case that under mandatory law You retain any moral rights or other inalienable rights to Contributions, You agree not to exercise such rights in your Contribution against SciDB, its licensees, its transferees, its users or its customers.

2.5 You will, at SciDB's reasonable request and expense, sign any necessary documentation and provide SciDB with reasonable cooperation and assistance in order for SciDB to record, perfect, defend and use its Proprietary Rights under Section 2.1 and its patent license under Section 2.2. In the event You are unavailable to execute any such documentation, You also irrevocably designate and appoint SciDB as your agent and attorney-in-fact to act and sign on your behalf and take any necessary steps in order to perfect SciDB's rights under the Agreement.

3. *Contributor Representations.*

With acknowledgement and agreement that SciDB and users of its products will invest significant resources in product development, application development, marketing, and other cost-intensive undertakings in reliance upon your representations in this Agreement, You represent and warrant that: (a) You are legally entitled to grant the above assignment and licenses; (b) if your employer(s) has rights to intellectual property that You create that includes your Contributions, You have received written permission to make Contributions on behalf of that employer in accordance with the terms of this Agreement, that your employer has waived such rights with respect to any party for your Contributions to the Project, or that your employer has executed a separate agreement with SciDB; (c) each of your Contributions is your original creation; (d) to the best of your knowledge, your Contribution does not violate any third party's copyrights, trademarks, patents or other intellectual property rights; (e) to the best of your knowledge, no government license or permission is required for the export, import, transfer or use of the Contribution; and (f) entering into this Agreement and submitting any Contribution(s) does

not violate, breach or constitute a default under any other agreement to which You or your employer is a party, does not require any consent, approval or waiver from or notice to any third party, and does not violate any law or regulation.

4. *Disclaimer of Warranties.*

EXCEPT FOR THE EXPRESS WARRANTIES SET FORTH IN SECTION 3, NEITHER YOU NOR SCIDB MAKE ANY WARRANTIES OF ANY KIND TO THE OTHER PARTY, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTIES OF ANY CONTRIBUTION'S MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

5. *Acceptance and Use.*

You understand that the decision to include your Contribution(s) in any Project, product or source repository is entirely that of SciDB, and this Agreement does not guarantee that your Contribution(s) will be included in any product. Any Contribution(s) SciDB makes available under any license will also be made available under a suitable FSF (Free Software Foundation) or OSI (Open Source Initiative) approved license.

6. *Miscellaneous.*

This Agreement contains the entire agreement between the parties, and supersedes all prior or contemporaneous agreements or understanding, whether written or oral, relating to its subject matter. The terms of this Agreement are binding contractual obligations and not mere guidelines or recitals. This Agreement may be amended or modified only in a writing executed by both parties. This Agreement may be executed in counterparts; all counterparts hereof shall collectively constitute a single agreement. If any provision of this Agreement shall be deemed invalid or unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected and such provision shall be deemed modified only to the extent necessary to make such provision consistent with applicable law. The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the Commonwealth of Massachusetts, without giving effect to the principles of conflict of laws.

You agree that the terms and conditions of this Agreement are reasonable and necessary for protection of SciDB's interest in the Project and the assigned Contributions, and that irreparable injury will result to SciDB if You breach any term or condition herein. You agree that SciDB may take any necessary action to compel specific performance or enjoin any violation of this Agreement before any court of competent jurisdiction. SciDB, as used herein, shall mean SciDB, Inc., as well as its successors and assigns.

IN WITNESS WHEREOF, intending to be legally bound, the parties hereby execute this SciDB Contributor License Agreement as of the dates set forth below.
